(57)Abstract:

PURPOSE: To inhibit a customer who has hardly cleared off a debt from receiving new lending when the customer offers a new debt.

CONSTITUTION: A customer file 17-1 stores the lending status data of each customer. At the time of registering lending, a CPU 11 compares the lending status data stored in the file 17-1 corresponding to a certain customer with a lending inhibition value set up in an inhibition value setting area 17-4 and inhibits the lending registering processing of the customer in accordance with the compared result.
